

FROM THE AIRPORT TO THE CITY
getting there and transportation

To be on the safe side, plan to allow a little extra time for your trip to and from the airport.

Please note that you must purchase your public transportation tickets before your trip.

You can buy them at the ticket machines at the airport station, online, or directly through the apps (e.g., ÖBB, CAT app, Wiener Linien).

From September 7, 2026 until the end of October 2027, a central section of the inner-city S-Bahn route between the stations Wien Praterstern and Wien Hauptbahnhof will be closed to all rail traffic due to extensive modernization works. However, there will still be a good public transport connection between the airport and the city center. An overview of the different options is provided here.
